How to make a new page in wordpress

Website Content · https://wiweka.dev/tutorial/website-content/how-to-make-a-new-page-in-wordpress/

Step 1: Login To WordPress Admin Panel

Open your browser and enter the URL for your WordPress admin panel. Enter your username and password to log in.

Step 2: Go to Pages

In the left-hand menu, click Pages. This will bring you to a list of all the pages you already have on your site.

Step 3: Add New

At the top of the page click the ‘Add New’ button. Now you’ll be taken to the Add New Page page.

Step 4: Enter Page Content

Enter the title for your page into the field provided. Then, enter the content for your page in the box below. When you’re done, click ‘Publish’ to publish the page on your site.

Step 5: View Your Page

Once your page has been published, you can view your page by clicking the ‘View Page’ link or by visiting the URL for the page. Congratulations, you’ve successfully created a new page for your WordPress site!
